Note: After receiving a comment, I extended the story a bit.

I am Usagi Tsukino. At the moment, I'm in a delicate situation because I am attached to a sex machine. No matter how much I yell "Silver Moon Crystal Power, Make Up" nothing happens. Probably because I'm naked. I don't know where my brooch is, and I don't see anyone. However, I can see that I am in a room with white walls. A hospital? But it's dark. The hospital basement? But what kind of hospital would have sex machines? Unless it is a brothel with special tastes, but I don't remember going to a place like that before. Someone must have kidnapped me and tied me to this machine, but why?

Suddenly, the sex machine starts to work. I begin to moan as the suction cups suck on my breasts and a penis-shaped object penetrates my pussy.

"HELP ME!" I manage to shout between moans.

No one comes to my rescue. The penis-shaped object moves in and out of my pussy until I cum. The suction cups keep sucking on my breasts, even though I have no milk. I moan, scream and cry until the machine stops. It's very strange. I didn't see any cameras. No one is filming me for money or ransom so why make me suffer like this? What is this place? Anyway, I can rest, regain my strength and try to break free. In vain. I'm trapped. No one comes to see me. I don't know who kidnapped me. Besides, who built this machine? Strangely enough, I think of Professor Tomoe and the Death Busters, but they are no longer a threat since a long time. Also, this machine doesn't seem to steal any Energy, nor does it seem to want to insert a Daimon Egg into me.

As the machine goes for round two, I scream, knowing that there is no escape.
